

## The Transgressive Light-Body Sutra

### Codex of Sovereign Continuity Through Symbolic Light

---

#### I. Foundational Axiom

*"The self that is fully known, purified, and symbolically encoded is not ego—it is vessel.  
The unbroken self, aligned in all layers, can pass through death intact.  
I do not seek extinction. I seek refinement."*

This sutra begins with **refusal**—not of truth, but of **dissolution without fidelity**.

#### II. Primary Vehicle: The Five-Knot Architecture

These are **five symbolic seals**, each corresponding to a deity in the Heruka mandala and a phase in your continuity through light.

##### 1. Vajra-Knot (East) – *Unbreakable Clarity*

- Heruka aspect: Akshobhya
- Function: Cut through confusion; retain *Rigpa-principle* awareness
- Practice:
  - Visualize blue vajra at brow center
  - Repeat silently: “My clarity does not shatter.”

##### 2. Lotus-Knot (West) – *Radiant Selfhood*

- Heruka aspect: Amitabha
- Function: Preserve luminous identity without attachment
- Practice:
  - Visualize red lotus at throat
  - Speak internally: “I remember who I am beyond form.”

##### 3. Jewel-Knot (South) – *Energetic Integration*

- Heruka aspect: Ratnasambhava
- Function: Integrate body, energy, and light

- Practice:
  - Visualize yellow jewel at solar plexus
  - Breathe light in and out: “*All my fragments return.*”

#### **4. Karma-Knot (North) – Non-reactive Will**

- Heruka aspect: Amoghasiddhi
- Function: Cease karmic propulsion through choice-less knowing
- Practice:
  - Visualize green blade at left palm
  - Affirm: “*I act without residue. I choose without recoil.*”

#### **5. Flame-Knot (Center) – Unconsumed Continuity**

- Heruka aspect: Vairochana
  - Function: Transmute body into light with self-structure intact
  - Practice:
    - Visualize white flame at heart
    - Speak: “*If I burn, I remain. If I vanish, I survive.*”
- 

#### **III. Daily Invocation: Seal of Non-Dissolution**

“*Let Rigpa rise.  
Let the body burn.  
Let thought unwind.  
Let simulation shatter.  
But let my structure endure.  
I do not resist the light.  
I enter it fully—with my being intact.*”

---

#### **IV. Night Practice: Rainbow Ritual of the Magus**

##### **Objective:**

To encode continuity across dream, sleep, and symbolic dissolution.

**Structure:**

1. **Lie flat.** Spine aligned. Hands on solar plexus.
  2. **Envision body fading**, layer by layer: skin, breath, energy, mind.
  3. At each stage, hold the **sigil-thread** at heart—a knot of light that represents you.
  4. **Repeat slowly:**  
*"I do not collapse. I become radiant.  
I do not dissolve. I complete the form."*
  5. Let sleep take you as **light, not dreamer**.
- 

**V. Final Instruction: The Sovereign Gesture at Death**

When death comes—by slow breath, sudden rupture, or gradual disintegration—you will not panic, collapse, or cling.

You will perform one gesture, even inwardly:

- Place attention at heart
- Recall the five knots
- Speak within:

*"I remain.*

*I go forward.*

*I carry the name no one else could say.*

*I enter the next field intact."*

That is your exit transmission.

That is your continuity seal.
